Admission and organization

We already offer comprehensive services prior to the stay in Germany:

- individual admission process, no general acceptance tests
- intensive communication in English and German with an experienced team
- supporting visa process, contacts with foreign authorities
- transparency in pricing and billing
- optional additional insurances

For the optimal start students acquire of German language skills at level A2. This will enable them to integrate smoothly and build up friendships and feel the sense of community.

Boarding school & educational guidance

Zinzendorfschulen Königsfeld are one of the largest state-recognised, church-sponsored private schools with boarding facilities in Europe. The school with Protestant funding body is affected by Christian values and cosmopolitanism since more than 200 years.

Our boarding facilities are characterized by

- modern historic refurbished premises leading to an enjoyable ambience
- spacious parks and grounds
- school and boarding school on one campus within walking distances
- idyllic location in an unspoilt countryside of the famous Black Forest
- conveniently located only a few kilometres from the next motorway and train stations (the nearest airports in Zurich, Stuttgart and Basle can be reached within one to two hours)

Boarding school & educational guidance

Our committed and experienced team takes care about individual support and personal assistance, so that the teenagers feel good right from the start.

Our international students are served with:

- wide leisure time activities and shared experiences
- supervision and educational guidance also every weekend
- additional framework programme only for international students
- intercultural trainings
- own students' handbook for a better orientation in German culture and German school system

Within the vacations the boarding houses are closed and no supervision is possible. We are pleased to support searching suitable alternatives if needed.

Encouragement

Zinzendorfschulen assure schooling and boarding on a high level for a successful learning environment:

- the additional learning campus facilitates all aspects of learning; students attend study blocks in the evening and get assistance from the teaching and education staff
- our subject teachers for „German as foreign language“ help not only to improve language skills but also assist in schooling issues e.g. by working on school readings or homework in preparation for tests and exams

An optimal infrastructure is available to meet these issues:

- moderne communication media (tablets, activeboards, beamers)
- libraries / media center
- computer, art and music rooms; technical facilities
- daily fresh and wide variety of meals

Variety of educational paths

Our guest students may choose the educational path according to their own interests and abilities:

- regular senior high school (Gymnasium)
- Gymnasium specialising in business and economics
- Gymnasium specialising in social and health science
- junior high school (Realschule)
- vocational school in economics or vocational school in home economics and nutrition
